MEMORANDUM FOR: Deputy Director for Administration

FROM: Clair E. George  
Deputy Director for Operations

SUBJECT: Essential Construction

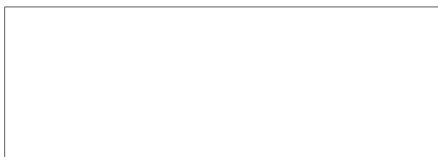

DD/A REGISTRY

FILE: 45-4

Dick:

25X1 1. It is essential that cabinet units for the Ops Center secure television monitor system be constructed for the [redacted] Ops Center. This construction has been long planned and specifically designed for the new Duty Office. The Design Branch, FMD has prepared appropriate drawings. The monitors which the units must house have been funded, purchased and are presently stored in the Center. Engineering work to complete installation of conduit for the system's signal lines within the Center and the Duty Office is in process now. The Duty Office will need the units within four weeks.

25X1 2. Funds are available for construction costs as shown on the attached Forms 2620 and 2420. It would be appreciated if this work could be completed within the time requested. Many thanks.

Clair
